

REPORT ON SAFETY EVENTS AUGUST 2017

LEED certification for operation building

DP World Nhava Sheva new operation building has been awarded the prestigious **Leadership in Energy and Environmental Design** (LEED) certification. NSIGT is now LEED Platinum and was certified by Green Business Certification Inc. (GBCI) using the Commercial Interiors v2009 rating system. The terminal has a resource efficient building which utilises less water and energy, and reduces greenhouse gas emissions.
