

World Health Day – 7th April, 2018

The World Health Day is celebrated by the people all across the world every year on 7th of April under the leadership of World Health Organization to draw the mass people attention towards the importance of global health. World Health Assembly was held for the first time in the year 1948 in Geneva by the WHO where it was decided to celebrate the World Health Day on 7th of April annually. Varieties of events related to the particular theme are organized on the international and national level by the WHO.

The theme of World Health Day is: Universal health coverage: everyone, everywhere.

On occasion of World health day below mentioned activities were observed on 7th April, 2016:

1. Healthy lifestyle awareness for contractors staff
2. Special health pledge through public announcement system admin building
3. Blood pressure check up for employees / contracted staff

4. Display of calorie chart

The campaigns on health awareness provided through poster display, desktop messages and tool box talks/walk to talk.
